Meeting at the Massachusetts Maritime Academy

AEE New England Chapter Sponsor Massachusetts Maritime Academy is pleased to host the May meeting of the AEE New England Chapter. Registration begins at 5:30pm, with a campus tour to commence at 6:00pm. In order to take advantage of appropriate daylight, dinner will be served after the tour.

The Academy has been extremely proactive with green energy initiatives. The campus tour will showcase the wind turbine and Gold-level LEED Certified dormitory construction. Data on the turbine can be found online at <http://www.maritime.edu/12.cfm?page=169> and will also be available during the tour.

4:30 Open AEE Board Meeting at the Blinn Hall Conference Room
5:30 Registration and Networking at the Bay State Conference Center
6:00 Tour followed by Dinner
8:30 Close

Register online at <http://aeenewengland.org/>, call 781-446-0125 or send email to: arthur1771@aol.com
\$40.00 per person

You will be directed to parking on campus.

For Directions please see page 6.

Jim Donnelly
Chapter President

Back in October we sent out a request encouraging interested members to consider joining our Board of Directors. I think we also asked that they be willing to roll up their sleeves and not be shy about working hard. Well, six months later I am very happy to report that our Board has approved the addition of the following three members:

Sam Nutter, Project Manager from the Massachusetts Technology Collaborative

Kristine Esdale, Media Specialist with the Graduate & Continuing Education Department of Massachusetts Maritime Academy

Ryan Wartman, Associate M&V Engineer from Ameresco, Inc.

In true fashion, each one of them has already pitched in and is taking a lead role in current Chapter activities. We appreciate their willingness to get involved and their enthusiasm as they step up and take responsibility for upcoming events. Look for them at our next meeting as each will play a unique role in our ongoing success. Please make it a point to congratulate them for their selection to the Board and thank them for their contributions to our Chapter.

Speaking of our next meeting, you won't want to miss it! Information regarding the May 7th meeting is included elsewhere in this newsletter and my also be found on our website at <http://www.aeenewengland.org>. However, I'd like to highlight the significance of this meeting as it incorporates multiple themes, all central to our AEE New England mission. The meeting will:

- be held at Mass Maritime – a very supportive Chapter Sponsor
- include a tour of a physical plant, including a LEED Gold Project and a state-of-the-art wind turbine
- exemplify what can be accomplished using “other people's money”
- be attended by many of our Chapter Scholarship recipients
- be supported by a “soon to be accredited” Student Chapter of AEE New England
- allow you to see your state tax dollars at work.

- Please join us. We're confident that you will be impressed!

Organizations today have two types of employees: former and flexible!

Presented by Outing Sponsor... **nationalgrid**

ENERGY STAR Partner of the Year Award 2008**ENERGY STAR AWARD for Sustained Excellence 2008**

Registrations are limited so reserve your foursome early by logging onto our website at www.aeenewengland.org. Mail completed registration form with a check to Arthur.

AEE INVITATIONAL GOLF OUTING is scheduled for June 18, 2008 at the New England Country Club (508-883-2300) in Bellingham, MA at the northeast corner of Rhode Island www.newenglandcountryclub.org. Click on 'Outing Brochure' for course RULES (p.16) and DIRECTIONS and HOTELS (p.17) and tips on how to play every hole. Click on "Scorecard".

Dress appropriately (collared shirt, no metal spikes). Bring this page, sunblock, raingear, water and extra balls. We don't serve Breakfast.

The **OUTING** registration and Mulligan sales from 7:15-7:45 am. Carts roll promptly at 8:00 am. If you are late, the staff will ferry you to your foursome upon arrival. At registration, pick up a gift bag including meal and raffle tickets, snacks, sleeve, tees and sundries. **LUNCH** tickets may be used for burgers or hot dog "At the Turn", or for sandwich, etc. from the beverage cart.

PLAY is best-ball scramble format with contests for closest-to-the pin, longest and best drives. Arrive early to use of the putting green or range. Mulligans are for sale, one per person, at registration table. Mulligans may not be used on greens.

DINNER will be Baked Stuffed Shrimp and Prime Roast Beef, savory rice, fresh vegetable, garden salad, coffee and desert. Let us know if you require a special diet.

PRIZES: Cash for 1st, 2nd and 3rd places. Contest prizes are certificates at the pro shop. Raffle includes a weekday round of golf for a foursome at NECC, donated gifts, cash and more cash.

CORPORATE SPONSORS may invite extra guests and are guaranteed registration.

HOW TO REGISTER:

REGISTRATION forms may be printed from the website.

Send registration with a check for your foursome(s) to Arthur Orenberg, 92 Cedar St., Lexington, MA 02421. Or, Credit Card payment via website but mail the registration form mailed. We'll eMail the roster with your cart assignment to your Team Leader.

REGISTRATION: Include four names and at least one email address for each foursome. Specify your team or company name (which will be displayed on your cart). Frivolous names encouraged.

This is a class event at an elite course at a bargain rate. Hope to see you on the first day of Summer, Wednesday, June 21st. QUESTIONS ? Call our Outing Committee...

WCSU Receives Energy Project Award for its Innovative Retro-Commissioning Work with EnerNOC, Inc.

Western Connecticut State University Receives Energy Project Award from the New England Chapter of the Association of Energy Engineers

BOSTON, MA, April 14, 2008 – EnerNOC, Inc. (NASDAQ: ENOC), a leading developer and provider of clean and intelligent energy solutions, and Western Connecticut State University (WCSU) announced today that WCSU was granted the prestigious Energy Project Award from the New England chapter of the Association of Energy Engineers (AEE). Through installation of EnerNOC's PowerTrak Analytics® (PTA) retro-commissioning system, WCSU was able to significantly reduce its energy usage and costs. This is the first project from Connecticut to receive this award, and it is the first time retro-commissioning and demand response have been recognized with an Energy Project Award.

WCSU has been an EnerNOC demand response customer since 2004, reducing electrical consumption during times of peak demand in return for regular payments from EnerNOC. To drive further energy efficiency measures, WCSU signed up for EnerNOC's PTA retro-commissioning offering, enabling EnerNOC to integrate its PowerTrak software with WCSU's existing Building Management System (BMS) to identify significant, innovative energy efficiency measures. EnerNOC's PTA system enables WCSU to monitor and analyze WCSU's energy consumption in detail and continuously receive near real-time, automated recommendations from EnerNOC on how to maximize operational and energy efficiencies. WCSU has already implemented numerous measures identified by EnerNOC's PTA system, which now tracks and maintains the energy and monetary savings resulting from those measures.

Through the PTA retro-commissioning activity, also known as continuous commissioning, WCSU and EnerNOC identified 44 individual energy efficiency measures, 14 of which have been implemented to date. From these measures, WCSU has reduced electrical and natural gas costs by over \$90,000. In total, the implementation of all identified measures could cut WCSU's energy consumption by 14 percent and save approximately \$251,000 annually in electrical and natural gas costs.

Directions to Massachusetts Maritime Academy

The Massachusetts Maritime Academy campus is in the perfect setting. Located adjacent to the Cape Cod Canal and at the head of Buzzards Bay, you are in the very heart of the unlimited recreational opportunities that have made Cape Cod the summer haven for tourists. If you crave city life, Boston and Providence are just a short drive away. We encourage you to arrange a visit to view first hand the unique opportunities available to you at Massachusetts Maritime Academy. Please call or click on the "Visit MMA" link under Prospective Students to arrange a visit.

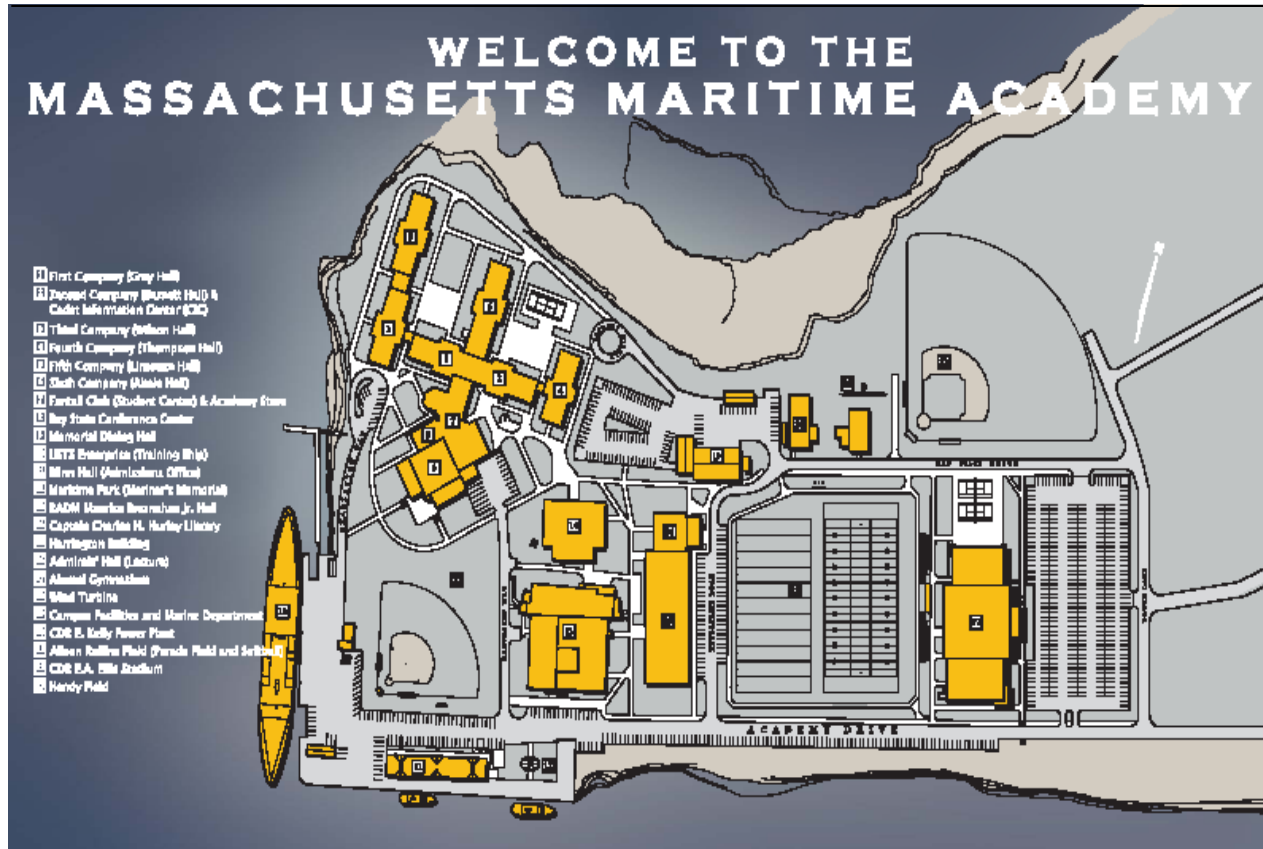

Buzzards Bay is easily accessible by highway as shown, and also by air, rail and bus.

From the South - Take I-95 North to Providence, RI. Take I-195 East to Route 25 East. Take the second Buzzards Bay Exit (Exit 3, right before the Bourne Bridge). Directions continued below.

From the West - Take I-84 to I-90 East (Massachusetts Turnpike). Take I-495 South to Route 25 East. Take the second Buzzards Bay Exit (Exit 3, right before the Bourne Bridge). Directions continued below.

From the North I93/3 - Take I-93 South to Route 3 South to Route 6 West (just before the Sagamore Bridge) towards Buzzards Bay. Follow Route 6 for about 4 miles, continue under the Bourne Bridge into the rotary, follow rotary around and exit onto Main St., Buzzards Bay. Directions continued below.

From the North 24/495 - Take Route 24 South to 495 South to Route 25 East. Take the second Buzzards Bay Exit (Exit 3, right before the Bourne Bridge). Directions continued below. Follow MMA signs. Once on Main Street in Buzzards Bay make a left at the only set of lights onto Academy Drive. Follow to the MMA campus.
